SUPPLEMENT TO THE

MYSORE GAZETTE.

No. 1 Published by Authority. of 1880.

BANGALORE, SATURDAY, JANUARY 10, 1880.

OFFICIAL PAPERS.

Abstract of Season or Intermediate Reports for the Week ending 20th December 1879.

Bangalore District.—Crops in good condition. Prospects favorable. Public health generally good. Fever and ague continue to prevail in parts. The price of ragi is stationary; that of rice is slightly risen.

Kolar District.—Fifteen cents rain at Kolar. Standing dry crops require rain. Prospects hopeful. Public health good. Prices stationary.

Túmkúr District.—Crops in fair condition. Prospects of crops and public health good.

Mysore District.—Thirty cents of rain at Mysore. Crops in fair condition. Prospects of season generally good. Public health indifferent, fever being prevalent. Prices generally stationary.

Hassan District.—Twenty cents of rain at head-quarters. Horse-gram, paddy and dod-ragi crops are being reaped. Coffee is being picked. Dál and avare have suffered from insects in two taluks. Prospects of season good. Public health good, except in three taluks where fever prevailed. Murrain prevalent in parts. Prices fallen.

Shimoga District.—Vaisak paddy and dry crops in good condition. Harvesting in active progress. Prospects of season good. Public health indifferent. Prices falling.

Kadur District.—Rain-fall 2 cents at Chikmagalur. State of crops and prospects of season good. Public health also good, but fever prevalent in parts of Banavar and Lakvalli. Prices stationary.

Chitaldroog District.—Crops in good condition except in parts of Davangere and Dodéri where the paddy crops suffered from want of sufficient water. Paddy, ragi, navane, &c., were harvested in all parts of the District. Prospects good. Fever prevalent in parts. Prices generally stationary.

Coorg.—Agricultural prospects good. Health indifferent.

Abstract of Season or Intermediate Reports for the Week ending 27th December 1879.

Bangalore District.—Crops in good condition. Prospects of season fair. Public health good Fever and ague prevalent in parts of the District. Prices rising.

Kolar District.—Crops in fair condition. Prospects of season favorable. Public health good. Prices stationary.

Tumkúr District.—State of crops fair. The Kartik paddy, gram, dál and ballar crops are being harvested. Prospects of season favorable. Public health good.

Mysore District.—State of crops and prospects of season generally good. Public health indifferent. Fever prevalent. The price of rice slightly fallen.

Hassan District.—Paddy, dod-ragi, horse-gram, &c., are being reaped, and a good coffee crop picked. Prospects good. Fever and ague prevail in the Taluks of Attikuppa, Belur and Haranhalli. Prices stationary.

Shimoga District.—Harvesting still continues. Vaisak paddy and dry crops are doing fairly, except in the Honnali Taluk where insects have attacked them. Prospects of season good. Markets fairly supplied. Prices falling.

Kadur District.—Crops in good condition. Prospects of season favorable. Fever prevalent in some parts of the Lakvalli, Tarikere and Banavar Taluks. Otherwise the public health was good. Prices stationary.

Chitaldroog District.—Ragi, navane, javari, horse-gram and castor-oil seed were harvested. The yield is said to be one half of that anticipated. Wheat was sown. Prospects of season good. Public health good. In the Dodéri Taluk cattle suffer from murrain. The markets well supplied with grain. Prices stationary.

Coorg.—Harvest abundant. Health better.

Abstract of Season or Intermediate Reports for the Week ending 3rd January 1880.

Bangalore District.—Crops generally in good condition. Prospects of season favorable. Public health good. Fever and ague prevalent in some Taluks. Price of rice risen; that of ragi is stationary.

Kolar District.—State of crops good. Prospects hopeful. Public health good. Prices stationary.

Tumkúr District.—Crops in good condition. Prospects of season favorable. Public health good.

Mysore District.—Crops in good condition. Prospects of season generally good. Fever prevalent. The price of rice has fallen; that of ragi is stationary.

Hassan District.—Paddy, horse-gram, dál, &c., are being reaped in the District. In the Channaraypatna Taluk, the avaré and Bengal-gram crops are suffering from the attacks of insects. Prospects of season good. Ague and fever still prevail in Attikuppa and Belur. Murrain (Dod-roga) is prevalent among cattle in the Taluks of Hassan, Attikuppa and Channaraypatna. The price of rice and horse-gram has fallen considerably; that of ragi is stationary.

Shimoga District.—Harvesting still continues. The sugar-cane crop is not in good condition in the Taluks of Nagar, Ságar and Sorab. Prospects good. Fever and affections of the lungs and bowels prevalent at Head-quarters. Prices falling.

Kadur District.—Crops in good condition. Prospects of season fair. Public health generally good. Fever prevalent in parts of the Banavar Taluk. Prices stationary.

Chitaldroog District.—The crops harvested are being thrashed. Javari, wheat, channa and paddy crops are healthy. Prospects good. Fever and cough prevalent in some parts of the District. In the Dodéri Taluk, cattle suffer from murrain. Prices generally stationary.

Coorg.—Agricultural prospects continue good. Health good.

By Order,

C. RANGACHARLU,
Revenue Secretary.
